

**Committee Reporting Form
CCCCIO Representatives on Statewide Committees**

Committee: California Community College Athletic Association Board	CCCCIO Rep: Dave Bolt
Meeting Date: February 23, 2011	Meeting Location: Sacramento/CCC Confer

Committee Charge:

The Commission on Athletics has been developed to promote and ensure academic progress, amateurism, ethical conduct, and equitable competition for student athletes. Institutional self compliance is essential to the achievement of the educational goals of the intercollegiate athletics programs.

Meeting Agenda Topics:

1. Current state budget update—Presented by CCCAA Executive Director Carlyle Carter, the CCCAA Board was updated on current discussions occurring within Sacramento as they relate to athletics and physical education. It appears that some legislators and the LAO have concerns over the funding of athletics and physical education classes.
2. The CCCAA Board approved a cost containment policy last year. It appears that the cost containment policy will need to be extended due to lingering budgetary concerns.
3. The CCCAA is utilizing CalPass to determine the course success, course completion, and graduation rates of community college athletes by college and by sport. These student athletes will also be followed as they transfer to four-year institutions. Preliminary information should be available by the first week of April.

Topics for CCCCIO consideration/discussion:

None at this time but we should watch for the results from CalPass.
