

Committee Reporting Form
CCCCIO Representatives on Statewide Committees

Committee: ASCCC Educational Policies	CCCCIO Rep: Marcy Drummond
Meeting Date: October 23, 2010	Meeting Location: Via CCC Confer

Committee Charge:

The Educational Policies Committee studies educational issues of concern to the Academic Senate and is the standing committee that recommends educational policies to the Executive Committee. The Committee provides a forum for high-level discussion and development of Academic Senate Policy, including its effect on faculty and students. The discussions include the viewpoint of students, CIOs and union representatives. The Educational Policies Committee researches issues as required, and writes background and/or position papers where appropriate. The Committee may pass general recommendations to other Senate committees, or work with them on more detailed implementation or technical issues. New or revised educational policies of the Academic Senate pass through the Educational Policies Committee. These may include policies to be implemented either locally or at the state level, suggested positions on proposed policies or changes in existing policies, and responses to assignments given by the President or Executive Committee.

Meeting Agenda Topics:

- Fall Plenary Breakout Sessions – “Our Students Today”, “Excess Units”, and “Senate/Union Relations”.
- Current Projects - Senate-Union Paper, Program Discontinuance, Part-Time Survey
- Rostrum Article

Topics for CCCCIO consideration/discussion:

- The Fall Plenary will be held November 11-13, 2010 at the Sheraton Park Hotel at the Anaheim Resort. CIO Liaison Marcy Drummond will be participating in two of the breakout sessions “Our Students Today” and “Excess Units”. If you have any perspectives you’d like to have incorporated in the breakout session, please forward them.
- The ASCCC Executive Committee is in the process of writing and revising previous papers *Senate-Union* (1996) and *Program Discontinuance* (1998). Currently the committee is in the process of reviewing the existing papers. This is an opportunity to provide input into these topics from a CIO perspective. The Senate-Union paper, in particular, is likely to incorporate more topics related to how the Senate and faculty union have a shared interest and stake in specific accreditation matters.
- Part-Time Survey – The last time the survey was administered was in 2008. It will be administered again this spring. The survey will not be changed significantly but this is

the time for CIOs to add any questions to the survey.
